President's Welcome

Welcome to Whitehorse Concerts 2024-25 season!

The Whitehorse Concerts Board of Directors is looking forward to an exciting fall and winter classical music season that features a wide variety of visiting artists and local artists. We welcome you to join us Saturday evenings at the Yukon Arts Centre Main Stage, for the Air North Concert Series, and Sunday afternoons at Whitehorse United Church

for the Downtown Recital Series. We are also pleased to acknowledge the sponsors whose interest and assistance makes these concerts possible. We are grateful to the Government of Canada, Government of Yukon, Lotteries Yukon, and Air North, Yukon's Airline. Their support echoes in every note.

See you at the concert!

Joanne Lewis
President-Whitehorse Concerts

“Experience the soul of timeless classics—enjoy Whitehorse Concerts and let every note inspire.”

Redefining Recitals

Rachel Fenlon is a soprano and pianist who is finding a unique voice on the classical music stages of the world. Drawing from a singer-songwriter approach, Rachel performs song recitals as both singer and pianist accompanying herself. Praised for her “unusually shaped recitals in keeping with her extraordinary talent” (Places des Arts/ Festival de Lanaudière), Rachel performs internationally as a recitalist, as solo pianist and singer, and on the opera stage. Rachel was born in the UK, raised on the west coast of Canada, and is now based in Berlin.

The 2024/25 season sees Rachel make self-accompanied recital debuts at the Konzerthaus Berlin, the Bechstein Hall, the Virtuosi Festival in Brazil and the Algarve Music Series. She returns to her native Canada, touring various programmes at leading festivals and venues including Salle Bourgie, Vancouver Recital Society, Domaine Forget, Coast Recital Society, ArtSpring, SweetWater Music Festival, and Music Toronto. In opera, Rachel returns to work with Ensemble Nylandia/ Isabella Shaw in La Doriclea. Rachel’s recording of Schubert’s Die Winterreise will be released on Orchid Classics in autumn 2024.

Together, we're a symphony.

Every flight is an orchestration.

Our operations team coordinates the rhythm. Reservations and passenger services provide the harmony. Aircraft maintenance engineers and our ramp team ensure every detail is pitch-perfect, while our flight attendants and pilots bring sky-high professionalism. The final, delightful touches from our Flight Kitchen and catering team complete the composition.

It's the notes they play together, in unison—along with every other unsung department—that keep us in tune, on beat, and at the standard our customers expect.

That's how we perform. That's how we fly.
